3. Student finance

Student finance explained

While at university or college you will have two main costs - tuition fees and living costs.

Most students will not have to pay anything up front. Depending on your circumstances, your course and where you study, you could get a range of financial support. The main types of finance are **tuition fee and maintenance loans** (which have to be paid back), and **grants and bursaries** (which don't).

There is also extra support for those with special circumstances, for example, if you have children or adult dependants, a disability, mental-health condition, or specific learning difficulty such as dyslexia or dyspraxia.

Repayments are based on future earnings and not on what you borrow. You only repay once you have left university and earn over a threshold.

Applying is easy and **you do not have to have a confirmed place** - simply use your first choice of course and change it online at a later date if you need to.

Share your application details

You can even choose to share some of the details from your UCAS application with the Student Loans Company, who administer loans for Student Finance England, making your student finance application even quicker.

Your UCAS application will not be affected by the way you answer the questions on this page.

Nominated Access

- Parent
- Guardian
- Adviser

Selena has decided to nominate her mother.

Disabilities or special needs

Nominated access

You can choose to nominate someone, eg parent/guardian/adviser, who can discuss your application with us and the universities if you are unavailable.
Full name of nominee

Nominated access If you are likely to be away at any time during the application period, for example on a gap year, you may wish to nominate someone who can make decisions on your behalf and discuss your application with us and the universities, eg a parent, other relative or guardian. If you are using an agent, you can choose to enter their details.

If you choose to nominate a tutor or adviser at a school, college or other organisation, remember that they may be on holiday at the same time as you, so they may not be the most appropriate choice.

If you decide to nominate someone you should remember that, subject to security checks, they will be able to:

- talk to our contact centre advisers about all aspects of your application, except your log in details
 - request a copy of this information by requesting a data protection report from UCAS
 - see all your details if they look at your application online.
- Please enter their full name(s) and their relationship to you, in the boxes provided. There are 50 characters available for the name - if you would like to nominate two people, enter both names in the field.

Please also remember to amend your postal and email addresses where necessary so that your nominee can receive any correspondence from us or from your chosen universities and colleges.

Relationship to you

Nominated access If you are likely to be away at any time during the application period, for example on a gap year, you may wish to nominate someone who can make decisions on your behalf and discuss your application with us and the universities, eg a parent, other relative or guardian. If you are using an agent, you can choose to enter their details.

Disability/special needs

Universities and colleges welcome students with disabilities, and will try to meet your needs wherever possible. The information you give here will help them do this.

Category*

please click **See list** and select the most appropriate option from the list.

If you feel you may have a disability, special needs or a medical condition that has not yet been medically diagnosed you should select the disability option from the drop-down list, and give further details of the circumstances in the free text box underneath.

If you do not have a disability, special needs or a medical condition, click **See list** and select **No disability**. If you do not want to give this information now, you should select **No disability**. However, you should tell your chosen universities or colleges as soon as you receive our welcome email.

Universities and colleges welcome students with disabilities, and will try to meet your needs wherever possible. The information you give will help them do this. We will also use this to monitor progress in equal opportunities in education.

COLLEGE

Selena lives in London and wants to commute, but she still wants to attend a campus based university.

Aisha is sure she pursue a digital media degree. In her spare time she's interested in video editing.

Jamal loves sports both for his degree choice and extra curricular. He prefers to learn in a hands on way instead of exams.
